Project Name: Old Salado Creek Siphon Replacement Project
Solicitation No.: B09-022MF

FRP PIPE MANUFACTURERS: Each bidder shall circle the name of the manufacturer of the FRP pipe which he proposes to furnish. Upon award of a contract, the named FRP pipe shall be furnished. Only one manufacturer's name shall be circled. Substitutions will be permitted only if named pipe does not meet the requirements of the Contract Documents, the manufacturer is unable to meet the delivery requirements of the construction schedule, or the manufacturer is dilatory in complying with the requirements of the Contract Documents. Substitutions shall be a manufacturer from the approved list in the individual specification and shall be confirmed by a No Cost Change Order.

Preliminary acceptance of pipe listed by manufacturer's name shall not in any way constitute a waiver of the specifications covering such material; final acceptance will be based on full conformity with the Contract Documents.

The manufacturers listed herein are those listed as acceptable manufacturers in the individual specification. Alternate write-in manufacturers will not be accepted and bids will be considered non-responsive. Failure to furnish all information requested may be cause for rejection of the Bid.

| No. | Section | Pipe | Manufacturer (Circle One) |
|-----|---------|------|------------------------------|
| 1. | SP-1006 | FRP | HOBAS Pipe USA |
| 2. | SP-1006 | FRP | US Composite Pipe South, LLC |

In submitting this bid, the bidder represents to the Owner and Engineer that it:

- 1) Has examined, read and understands the Contract Documents;
- 2) Is familiar with the Project area and site, and all local, state and federal laws and regulations that in any manner may affect cost, progress, or performance of the work.
- 3) Has made and studied the results of examinations, investigations, and tests of subsurface and latent physical conditions which may affect the cost, progress or performance of the work that the bidder considers necessary to assure construction of the Project at the contract price within the contract time and in accordance with the Contract Documents, and no additional examinations, investigations, tests, reports, or similar information will be required by the bidder for these purposes.
- 4) Has reviewed all information in the Contract Documents with respect to existing underground facilities at or near the Project site, and the bidder assumes responsibility for the exact nature and location of these underground facilities; and no additional examinations, investigations, tests, reports or similar information will be required by the bidder in order to construct the Project at the contract price within the contract time and in accordance with the Contract Documents, including the General Conditions;
- 5) Has correlated the results of all such observations, examinations, investigations, reports and studies with the terms and conditions of the Contract Documents; and
- 6) Has given the Engineer written notice of all conflicts, omissions, errors or discrepancies discovered in the contract documents and the written response or resolution of the issue by Engineer is acceptable to the bidder.

The bidder certifies that it is familiar with the statutory obligation to provide workers' compensation insurance coverage for all employees engaged in work on the Project, and that, if awarded the contract, the bidder will ensure that this coverage is maintained in full force and effect for all of its employees and for all employees of subcontractors engaged in work on this Project, and provide certificates of insurance for all coverage to the Owner.

Complete the additional requirements of the Proposal which are included on the following pages.
