Solicitation Number Q-09-032-MF

Questions and Answers

1. Will SAWS collect the required samples, analyze them in the SAWS laboratory, and provide the results to the selected consultant?

SAWS Resource Protection and Compliance (RPC) group collects samples from SIWUs/SIWUs and delivers to the SAWS Environmental Laboratory Services (ELS) group for analyses. RPC has information on all SIWUs/NSIWUs and ELS will provide results for all samples completed in 2009.

2. Will the final report and model from the ongoing Cost of Service and Rate Study be made available to the selected consultant?

Yes

3. Does the 30-page maximum include the required forms?

The 30 page maximum does not include the required forms.

4. Does the 30-page maximum include the sample reports?

The 30 page maximum does not include the sample reports.

5. Is there a minimum or maximum number of sample reports that may be submitted?

There is no minimum or maximum number of sample reports that may be submitted.
