## Here's how it works:

- Download the application from SAWS Web site
- Purchase a minimum of 3 cubic yards of mulch either in bulk or bags (40 standard bags of mulch = 3 cubic yards of mulch)
- Take before and after photos of the converted landscape. Photos must clearly show conversion of turf areas to mulched beds.
- Mail this completed form to SAWS, along with your photos and receipts.
- Receive a \$50 credit on the water bill within two billing cycles.
- An inspection may be required to verify eligible landscape installation.
- Limit one rebate per household.

## Acknowledgements

(please check and initial each):

- \_\_\_\_\_ I understand that I may be asked to provide feedback on the effectiveness of my mulching effort.
- \_\_\_\_\_ I understand this is for new mulched beds only, not the maintenance of existing beds.
- \_\_\_\_\_ I understand that this rebate is only in the form of a credit on my water bill.
- \_\_\_\_\_ I understand that I must be a SAWS water customer to qualify for conservation rebates. (Sewer-only customers not eligible.)
- \_\_\_\_\_ I understand that an incomplete application will delay my rebate.
- \_\_\_\_\_ I understand that applying for the rebate is not a substitute for payment on my regular water bill.
- \_\_\_\_\_ I understand that this rebate program is for a limited time only and that it is my responsibility to check SAWS Web site for the rebate status.
- \_\_\_\_\_ I agree to maintain my landscape in a water-efficient manner and comply with all local ordinances regarding the use of water.
