

WaterWorks Board Game Instructions

When you turn on a faucet in your house, water comes out. Have you ever wondered how it gets there? Water gets to your house through pipes. Pipes are tubes that the water company pumps water through to get it to you. The WaterWorks game lets you be the water company and get water to your neighborhood!

Game Preparation Instructions:

1. Print the game board pages. A black and white version is available for coloring. Place the pages together so that you create a SAWS logo in the middle that looks like this:

2. Print two copies of the game cards and cut them out.
3. Use buttons, Legos, stones, or uncooked pinto beans for player pieces. You could also borrow player pieces from another game.

Game Play Instructions:

1. Place all the player pieces on Start.
2. Before you start shuffle cards so that they are mixed. The first player selects a card and moves ahead that many spaces.
3. If the player lands on a "leaky pipe" they must stay on that space until the leak is fixed. To fix the leak the player must draw a "2".
4. The first player to get water (their player piece) to the neighborhood wins!
5. Game recommended for 2 to 4 players.
